FOREWORD

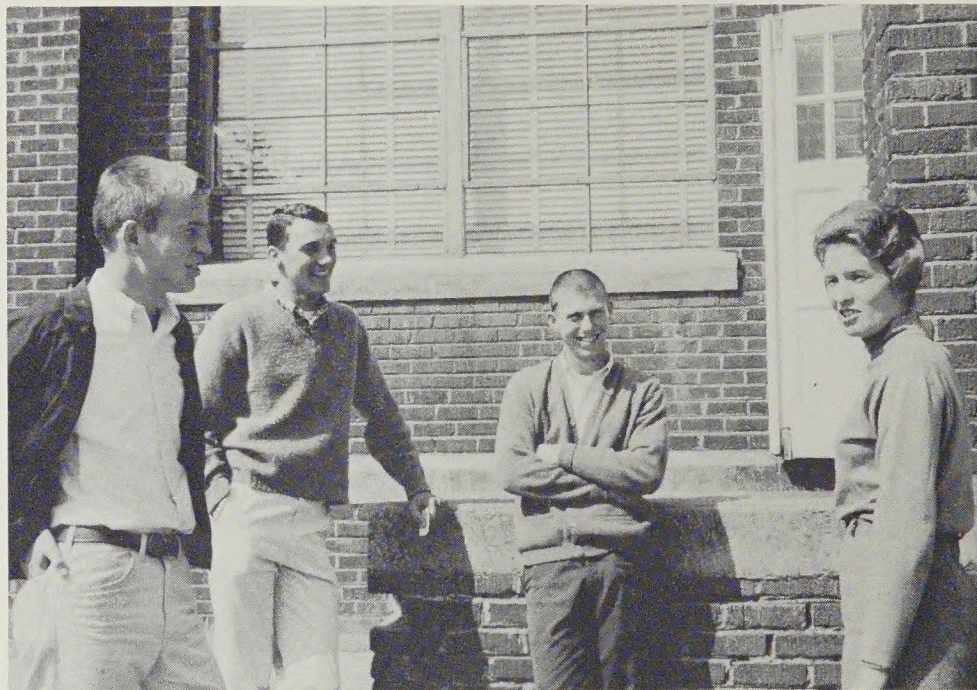

Last September most of us looked on this coming school year as one to remember—the dances, parties, ball games, and the fun around the campus. We will always treasure these precious memories, but we cannot forget the real purpose of our education and the wonderful Christian men and women who have led us along this long hard road—our teachers and counselors.

As you read this book, the school year will almost be over, and for the Seniors it will be their last. But the spirit we have shared and which has united us will forever remain dear to our hearts.

May this book serve as the golden key to open wide the door of the bountiful storehouse of memories, which we have harvested at Waynesville Township High School.

Forward! March!

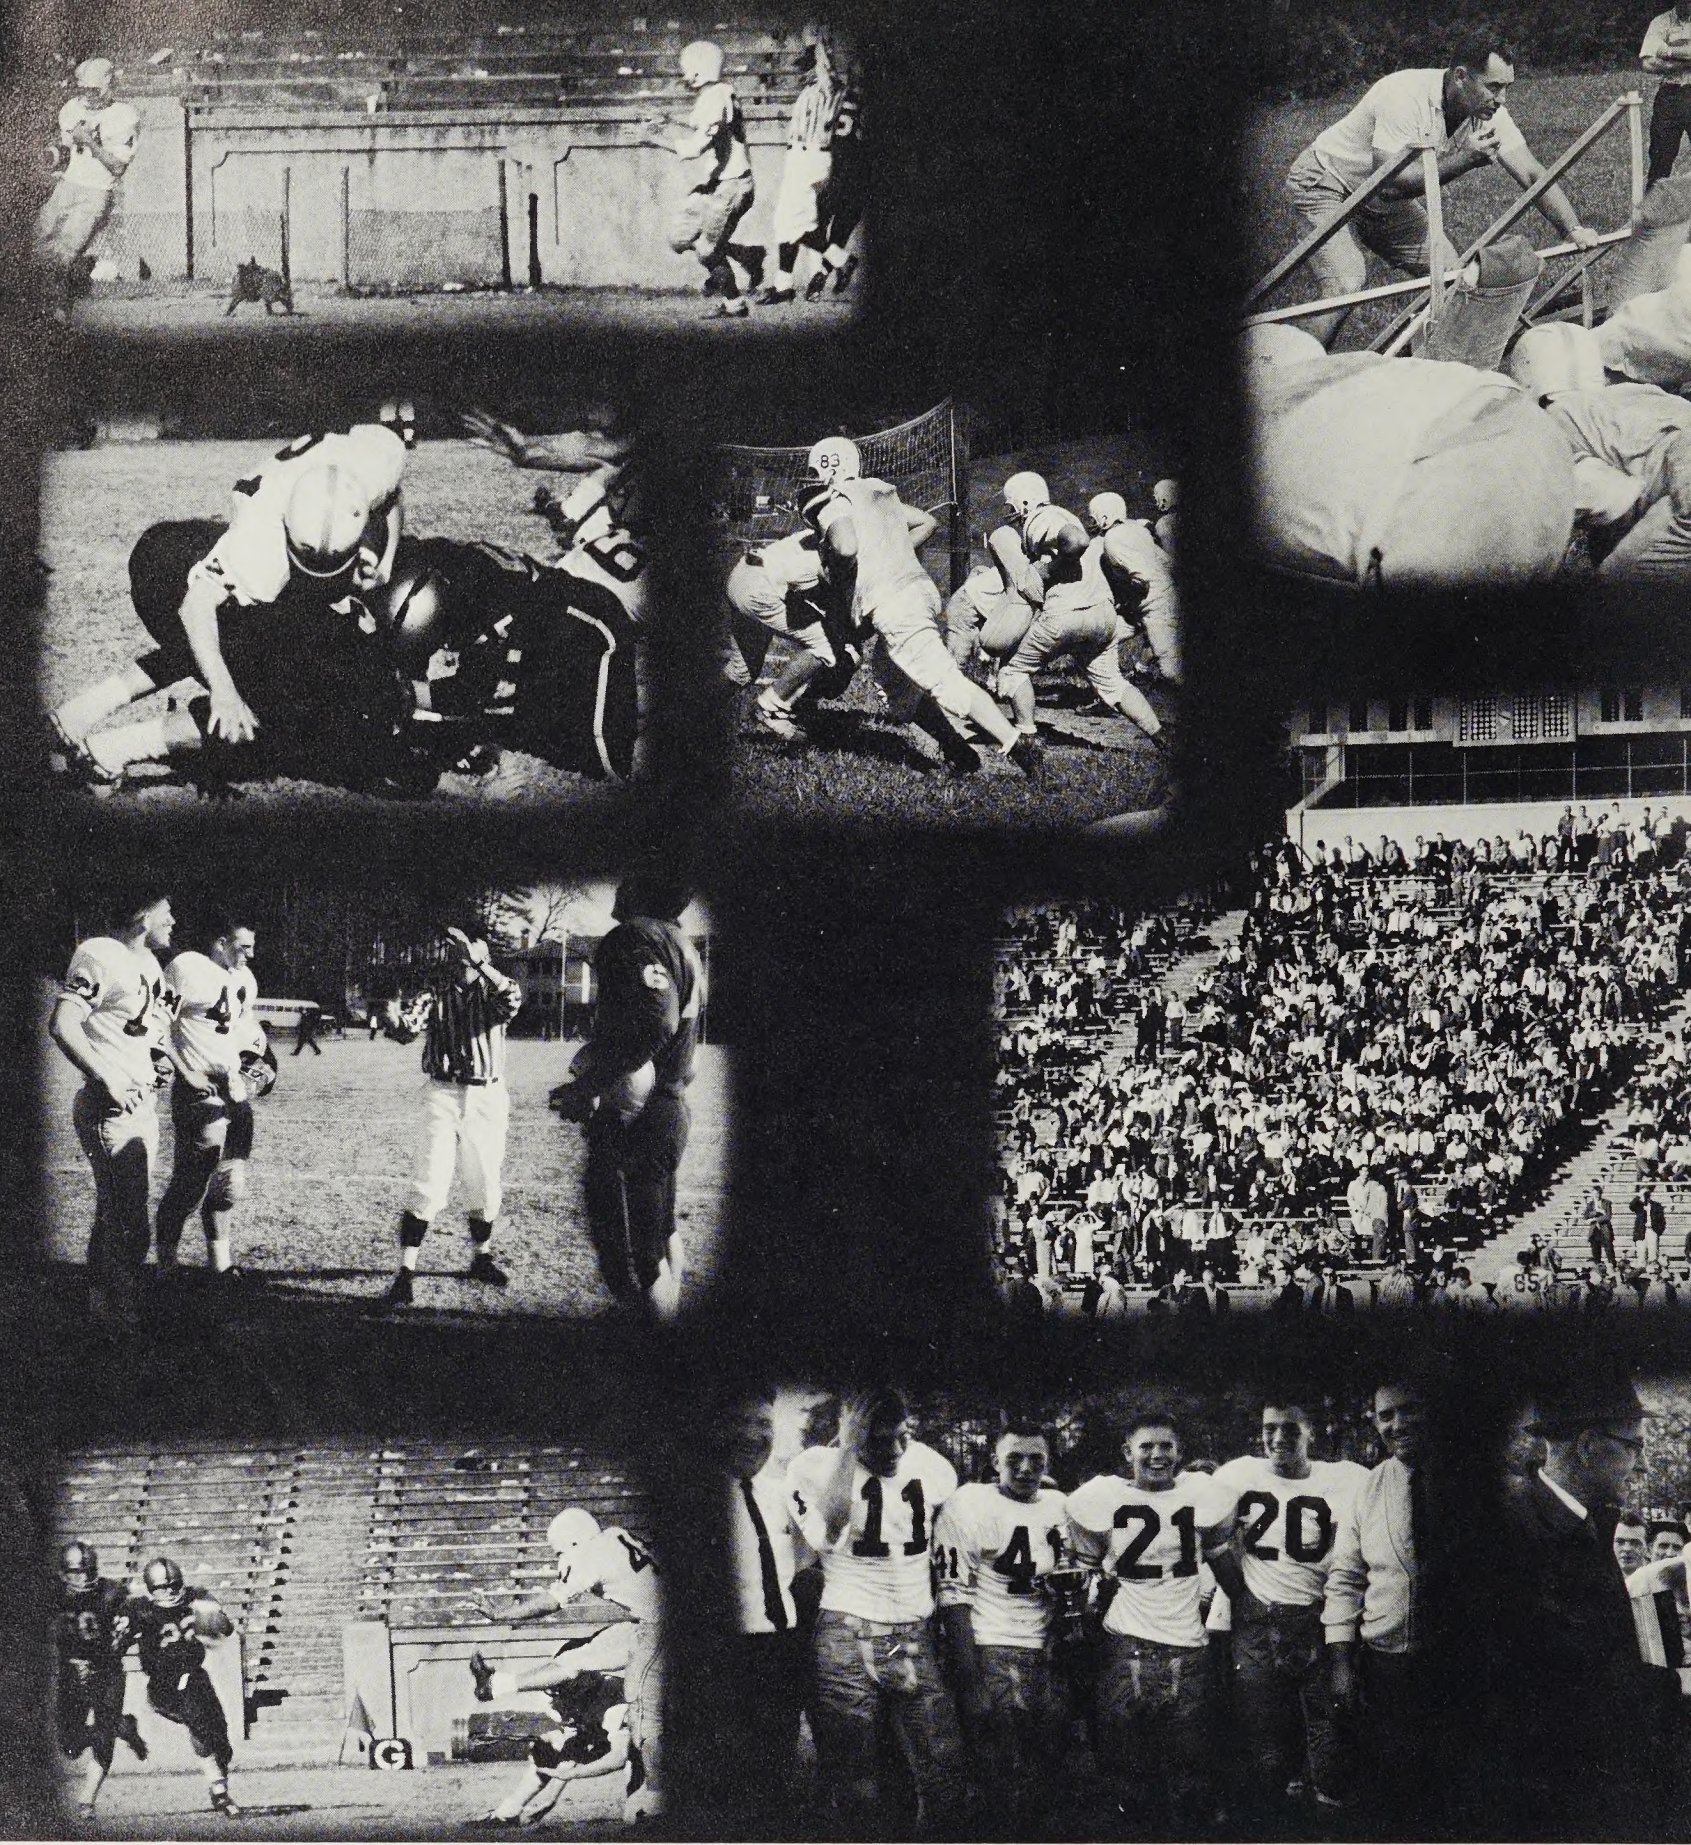

"Reason and judgement are the qualities of a leader."

"We muse about in the crowd all day."

"But great achievements raise a monument which shall endure until the sun grows cold."

DEDICATION

The class of 1964-65 respectfully dedicates this years' Mountaineer to Miss Margaret Chambers and Miss Harriet Ellen Phoenix, whose many years of service have enriched our lives. Through their untiring efforts, excellent instruction, and moral guidance, they have helped to mold us into better young people. Their radiant smile and faithful dedication have been a guiding light to all who have known them. They have given unselfishly of their time and energy to prepare us for the future.

We therefore with loving gratitude and greatful appreciation, dedicate this book to them, which without their guiding hand would have been impossible.

Dear Friends:

The Inaugural Committee has been advised by your Democratic State Chairman of your selection to represent your State in the 1965 Inaugural Parade. The Committee is pleased, therefore, to officially extend to you an invitation to participate in this event on January 20, 1965.

This year's parade will be an outstanding event in the Inaugural activities. It will be witnessed by the President and Vice President and the many thousands along the parade route and by many millions throughout America. Every effort is being made to insure that the best possible parade is seen by all of these people and that the best aspects of American life are presented in a manner befitting this great national event.

The Committee asks your fullest cooperation in accomplishing these aims and purposes. All of the resources of the Committee are at your disposal to achieve this goal.

Sincerely,

Howard L. Burriss
